# CHÂTEAU DE RULLY BURGUNDY

YEAR 2015

A castle and a family based in Burgundy since 12th century

This Medieval fortress built around a 12th-century square keep reveals some interesting features of military architecture, with its parapet walk, battlements, machicoulis and loopholes.
Today this private house is a fantastic temoignage of French medieval history and is open all the year for visit and/or wine tasting.

Chateau de Rully is located between Chalon sur Saone and Beaune, not far from the Canal du Centre (Chagny's harbor). This property is still in the same family since its origin and this is the
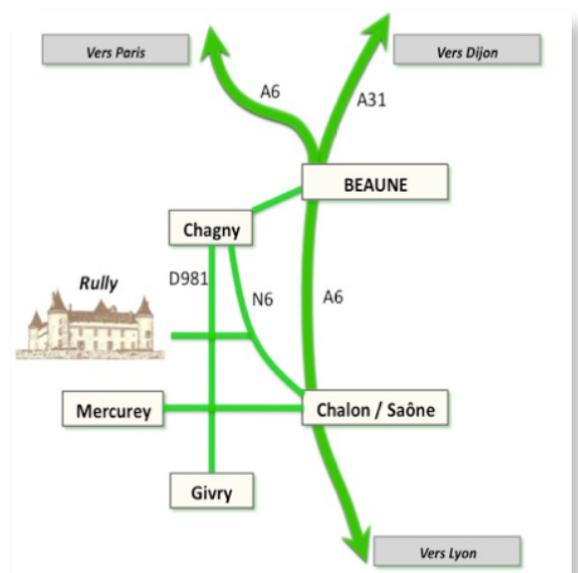

owner, Comte Raoul de Ternay, who receives and does the visite / wine tasting for the visitors.

Our offer

20 kilometres to the south of Beaune, between Mercurey and Chalon-sur-Saône, Château de Rully is a family home surrounded by vines. It is open for visits all year round, by prior appointment.

Visit, wine tasting, pic-nic, ... a world of possibilities !

We can receive your groups for a private guided tour of our castle. If you want, the owner of the place, the Comte Raoul de Ternay, is able to do the visit in English with a tast of humour !

It is also possible to offer a private wine tasting in our medieval kitchen. During this convivial moment, we taste 3 wines (including Château de Rully white 1er cru and Château de Rully red wine). This wine tasting is served with famous bugundian *«gougères»*.

If you want to follow the visit by a pic-nic in our park, we can install chairs and tables in a very peacefull place in the park.
